About [Northern Neighbours](#)

Nurse Practitioner-Led Clinics (NPLCs) are primary health care organizations that provide all inclusive, accessible, client centered and coordinated primary care services to anyone. NPLCs are offering care in over twenty communities across Ontario. The clinics improve the quality of care through enhanced health promotion, disease prevention, primary mental healthcare, and chronic disease management, as well as improve care coordination and navigation of the healthcare system. Working as partners with clients in their care plan is an important aspect of the underlying philosophy of NPLCs. Our clinic is governed by a Volunteer Board of Directors.

NPLCs and NPs are a solution to easing the burden on the healthcare system and working to end hallway healthcare. We are working to improve public access to high quality primary care.

How to Apply:

Please apply online at <https://jobs.peoplefirsthr.com/#/jobs> or by emailing your resume (on MS WORD format) in confidence to Jessica at jwold@peoplefirsthr.com.

We thank all applicants for their interest; however, only those selected for an interview will be contacted.
